SURVEY ORDER FORM

☐ **BOUNDARY SURVEY AND IMPROVEMENT LOCATION:** A boundary survey of the subject property will be made and the property corners will be located and verified or reset. The improvements on the property will be located and encroachments onto or from the subject property will be determined. This survey can be used by the property owner for the construction of a fence or other improvements. This type of survey will comply with the "Minimum Standards for Property Boundary Surveys" for the State of Missouri.

☐ **SURVEYOR'S REAL PROPERTY REPORT (SRPR):** This is a location of improvements and cursory check for encroachments onto or from the subject property based on existing, but not confirmed, evidence. This does not constitute a boundary survey and is subject to any inaccuracies that a subsequent boundary survey may disclose. No property markers or corners will be set and it should not be used or relied upon for the establishment of any fence, structure or other improvement. No warranty of any kind is extended therein to the present or future owner or occupant.

Note: The surveying company reserves the right to discontinue work and not provide a SRPR when, in the survey company's sole judgement, the circumstances involving any particular property are found to be such that meaningful results cannot be reasonably and economically produced. Not all properties are suitable for a SRPR. The suitability of any particular property as the subject of a SRPR may not be determinable until after the work is in progress. The survey company assumes no liability for any cost resulting from such decision not to provide a SRPR, nor resulting from delays due to weather or other factors beyond reasonable control.

Buyer requests survey as selected above to be ordered from _____ surveying company.
Note: If no preference is indicated, title company will select surveying company.

☐ **NO BOUNDARY SURVEY OR SRPR REQUESTED**

The undersigned Buyer has read and understands this order form, has indicated whether a boundary survey or SRPR is desired and authorizes the work to be performed.

The undersigned Buyer agrees to pay all costs incurred for such work and understands that such costs will have to be paid to the surveying company regardless of the final disposition of the above referenced sales contract. Buyer holds Broker harmless from any results of such services performed.
